Supplemental Type Certificate

Number SR00637LA

This Certificate issued to Utah State University Research Foundation
Business Service Center
1695 North Research Park Way
North Logan, Utah 84341-1947

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the * Regulations. **

Original Product Type Certificate Number : **See attached FAA Approved Model List (AML)

Make : * No. SR00637LA for list of approve airplane models

Model : * and applicable airworthiness regulations

Description of Type Design Change: Installation of Inspect Imaging System "inert" configuration (no electronics installed) in accordance with Inspect Master Drawing List INS MDL-001 as listed on AML No. SR00637LA, dated June 5, 1998, or later FAA Approved revision.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on AML No. SR00637LA only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : May 19, 1987

Date reissued : December 30, 1999

Date of issuance : June 5, 1998

Date amended :

By direction of the Administrator

Michael G. Murphy
